

For a stunning addition to your bedroom décor ...
HeadBoardCraft™ headboard kits are your answer !!!

With these simple steps, you can be enjoying your comfortable new headboard, tonight !!!

It's as easy as 1, 2, 3

- 1** Right out of the box, our easy to cover HeadBoardCraft™ kit is ready to finish.
- 2** With our quality pre-molded foam, your new headboard will keep its attractive shape for years to come, providing a professional look *you can do yourself* !!!
- 3** Instructions, hardware and coverable legs are included.

- 1** For a two piece headboard kit, cover the outside (bolster) first ... simply staple the fabric (smooth or gathered) to the cork strip on the face,
- 2** cover the inside cushion portion and attach it to the back,
- 3** finally, finish stapling the fabric around the bolster to the back cork strip. *It really is that easy* !!!

- 1** To install your new headboard you can, attach the legs to the headboard, stand it between the bed and the wall and the bed will hold it in place ... or,
- 2** bolt the pre-slotted legs to your bed frame (hardware not included) ... or
- 3** lastly, you can eliminate the legs and simply hang the headboard on the wall.

Simple and easy to do, your new **HeadBoardCraft™** headboard kit will provide you with a practical, comfortable and attractive addition to your bedroom.
